

C A T A L O G

Q Z E B O

## **VISION**

With our range of products, we are specifically focusing on the ecological aspects connected to a new lifestyle, where the outdoors symbolize being in touch with nature, where boundaries disappear and change. Our systems, working with renewable energy sources, are a valid answer to the need to preserve the world that we share with all living beings, to respect it and to keep it untouched.

## **MISSION**

The legacy we have been carrying on for over thirty years is a centuries-old tradition, strongly connected to the Earth and its bounty. Our mission is loyal to the spirit of cultivating, ploughing, manuring, watering, and harvesting. Faithful to our model, we cultivate human relationships and coordinate production with harvest seasons – just as it happens in nature. This modus operandi helped us to create a design tailored to evolving markets, and consolidating an organic, consistent set of corporate ethics that creates value and opportunity.

## MODERN DESIGN GAZEBO

Q Z **E** B O

Qzebo is a one-of-a-kind modern gazebo. It revolutioned the clichéd dome shape, the classic spire, or round dome. With its almost linear roof, Qzebo represents a design never seen before. Qzebo is a reinterpretation of a gazebo, that leaves back traditions to mark the breaking point from the traditional archetype. Qzebo is the answer to the growing market demand for an innovative gazebo. The warm colors and the mat finish, hoven painted with high resistance epoxy powder, improve the product's resistance and make it a cozy-looking product, which sits in harmony with nature and the outdoors. The structure can be complemented with a number of accessories, such as the sliding edging profiles with PVC or glass membranes, decorative drapes, telescopic windshields made of glass. In order to optimize the comfort inside the structure, infrared heating and LED perimeter lighting are also available.

YEAR  
2023

Over a century ago, Mies van der Rohe came up with the concept “less is more”, creating a minimalist architectural language that nowadays is still a recognized and unmatched reference point. This view about design originates from the idea that the shape of a building, of an object, of a dress must not be the purpose of the planning: on the contrary, it should be the result of a process aimed at giving a simple response to a complex need. Long story short – the shape follows the function, not the other way around. It’s from this reflection that Qzebo was born: the perfect combination of simplicity and functionality. Qzebo encloses all that is needed to make a gazebo. Nothing more, nothing less.

## TECHNICAL DETAILS

### TYPE

Modern gazebo  
for the outdoors

### MATERIALS

Aluminum  
PVC

### GROUND ANCHORING

External or internal foot-  
ing system

### STRUCTURE'S VERSION

Freestanding  
Squared/Rectangular

### STRUCTURE'S COLORS

- White / RAL 9010
- Dark brown
- Dove-Grey
- Special grey

- smooth or mat textured finish  
- RAL colors available upon request

### ROOF'S MATERIALS AND COLORS

- White
- Grey
- Champagne
- Dove-Grey
- Preconstraint 502 Satin
- Preconstraint 602 Glossy
- Preconstraint 702-S2 Blackout

- more colors available upon request

## WARRANTY AND QUALITY

- The products are CE certified. The booklet with the Declaration of Performance (DOP) accompanies the product until its installation is completed.
- Fireproofing certificates are supplied for each type of tarp.
- The structures are structurally tested and comply with the loads required by current legislations, DM 17 January 2018 Technical Standards for Buildings (Norme Tecniche per le Costruzioni) NTC 2018 and UNI EN 1991
- The structural elements made of aluminum are covered by a 5-year guarantee\*
- Since 1990, we design and industrialize our collections completely in Italy, at the Poggio Renatico plants.

\* For further details about the warranty please see the terms and conditions of sale Giulio Barbieri S.r.l. indicated in the official price list.
