A L B A T R O

VISION

With our range of products, we are specifically focusing on the ecological aspects connected to a new lifestyle, where the outdoors symbolize being in touch with nature, where boundaries disappear and change. Our systems, working with renewable energy sources, are a valid answer to the need to preserve the world that we share with all living beings, to respect it and to keep it untouched.

MISSION

The legacy we have been carrying on for over thirty years is a centuries-old tradition, strongly connected to the Earth and its bounty. Our mission is loyal to the spirit of cultivating, ploughing, manuring, watering, and harvesting. Faithful to our model, we cultivate human relationships and coordinate production with harvest seasons – just as it happens in nature. This modus operandi helped us to create a design tailored to evolving markets, and consolidating an organic, consistent set of corporate ethics that creates value and opportunity.

DESIGN PERGOLA

A L B A T R O

This model is made for freedom lovers. Its name is inspired by the albatross, a symbol of neverending loyalty to one's own identity and of the ability to look beyond.

Light, floating in space, with no angled columns: Albatro stretches out towards open spaces.

A design pergola with a cantilevered sliding top posing on four central pillars, to be anchored to a stable base or to be fixed to end supports in reinforced concrete.

Albatro allows the installation of telescopic windshields made of glass – an ideal solution for greater comfort, especially when Albatro is being used outside.

EVENT
Fuorisalone IN-OUT
“Wellbeing in Outdoor”

LOCATION
City Life District, Milan, Italy

YEAR
2018

Albatro is one of the most poetic and ambitious project in Giulio Barbieri's Pergole&Vele line. Its design stems from seeking a balance between functionality and beauty. Albatro fully symbolizes the sense of freedom and the ability to rise up and fly high. With incredible lightness and harmony, it blends easily into any environment, even the urban one, adding a modern touch without being in contrast with the surroundings.

LOCATION
Manakara Beach, Teramo, Italy
