

C A T A L O G

V E L A R T

VISION

With our range of products, we are specifically focusing on the ecological aspects connected to a new lifestyle, where the outdoors symbolize being in touch with nature, where boundaries disappear and change. Our systems, working with renewable energy sources, are a valid answer to the need to preserve the world that we share with all living beings, to respect it and to keep it untouched.

MISSION

The legacy we have been carrying on for over thirty years is a centuries-old tradition, strongly connected to the Earth and its bounty. Our mission is loyal to the spirit of cultivating, ploughing, manuring, watering, and harvesting. Faithful to our model, we cultivate human relationships and coordinate production with harvest seasons – just as it happens in nature. This modus operandi helped us to create a design tailored to evolving markets, and consolidating an organic, consistent set of corporate ethics that creates value and opportunity.

TRIANGULAR SHADE SAIL

V E L A R T

Velart is a wall mounted sail that highlights spaces with its dynamic shape, suitable to gardens as well as Horeca spaces. Its design is inspired by sailing: the inclined pillar in stainless steel, the winch and the stopper used for the manual rewinding of the sail recall the technical features and the strength of the ropes used in sailing boats, and the discreet charme of the sea.

Velart has a spring-assisted rewinding system, facilitating the manual opening and closure of the sail. The structure can be installed anywhere in a very short time, even without preparing a foundation, thanks to an elegant ballast in white stone grit.

YEAR
2019

Velart is a shading system that represents the perfect style balance between contemporary and futuristic design, combining the structural resistance with the style of the whole design. Velart wraps spaces and things up in an impalpable way, creating coziness and facilitating the relations amongst the users, as well as their connection with the nature and the surroundings.
